

Y&G SAC RACK

What is it?

- A Thrift Store Social Activity during free time at BOBII that is not only affordable and charitable, but a great Dance alternative!

How does it work?

- Anyone can donate their old "SAC appropriate" clothing (and Governor's Banquet Party Dresses too)!
- This activity isn't solely for delegates but also for volunteers and advisors!
- If you donate a piece of "SAC appropriate" clothing, you get a token.
- A token buys another piece of vintage "SAC appropriate" clothing at SAC RACK.
- If you don't have a token, the piece of vintage "SAC appropriate" clothing costs you a buck, and the money goes to the scholarship campaign.
- Delegations that donate an exceptional amount of clothing will gain points towards Premiere Delegation.

It's a great idea because:

- Providing delegates a convenient venue like SAC RACK at BOBII demonstrates that buying clothes for SAC doesn't have to be expensive.
- Over the years the styles change, but the tedious "SAC appropriate" dress code debate remains constant; SAC RACK will be inline with the dress code and be a fun way to demonstrate what is and isn't "SAC appropriate" clothing.
- Recycling clothes is good. A parent's old suit and a delegate's old SAC clothes can be another person's gem.
- Generates a source of scholarship campaign donations.
- It would be a non-dance social activity.
- We have many fashion forward delegates that would really enjoy it.

What you can do to help:

- Advisors need to be excited about this idea in order for your delegates to get excited enough to bring clothes to trade. The more people and clothing that participate, the more successful the activity.
- Organize within your Delegations soon in order to have plenty of time to collect clothing before BOBI.
- Start discussing what is and isn't "SAC appropriate" clothing.
- SAC RACK will be supervised through advisor duties.
- Since this will only be our 3rd year, I am very open to comments, suggestions and some interested helping hands! Please feel free to contact me (Maggie Weber) at magsweb@gmail.com

Logistics:

- SAC RACK will take place entirely at BOBII
- **Saturday Night** there will be a designated collection room where SAC RACK staff (designated Staff and Advisors) will be on hand to collect the articles of clothing that participants have brought to BOBII. SAC RACK staff will sift through the clothing candidates to determine what is "SAC appropriate" clothing and what is not. "SAC appropriate" clothing will be taken in exchange for a token, whereas rejects will either be returned, or donated to GoodWill.
- **Sunday Night** the actual SAC RACK will take place. Happy Hunting!
