

Be a part of this life changing experience by supporting the 11th Annual California YMCA Youth & Government Golf Classic.

California YMCA Youth & Government sponsors two programs that involve young people learning about democracy: the Model Legislature & Court Program (for 9th–12th grade students) and the Model United Nations Program (for 6th–8th grade students). The focus is hands-on learning—learning about issues that face our state, our country and our world. Learning about leadership, character development and civic engagement. Learning, in short, about who you are and what you have the potential to become.

That's why learning about democracy is really just the beginning of a life changing experience.

Our Mission Statement

We build values-based leadership and civic engagement in California's youth to strengthen our democracy.
