

WELCOME TO TRAINING & ELECTIONS II

We would like to welcome you to the Training & Elections II Conference. If there is anything we can do to make your experience better, please do not hesitate to ask. It is the desire of the Board of Directors and Staff to make this conference the best possible.

We are grateful for the opportunity to use the facilities at Camp Roberts. Many people have donated a monumental amount of hours to make this program possible. In order to preserve this program for generations to come, we ask that all participants follow the rules outlined below and in the code of conduct. Individuals or groups who threaten the credibility of the conference or who violate the rules will be subject to suspension from the conference and from the Model Legislature & Court. Your continued support is appreciated.

CONFERENCE RULES

1. No drugs.
2. No alcohol.
3. No smoking or possession of tobacco products.
4. No weapons of any kind.
5. Do nothing that would endanger the health and welfare of others.
6. No double standards - these rules apply to delegates, advisors and staff.
7. No males allowed in female barracks. No females allowed in male barracks.
8. No intimate sexual behavior.
9. Participants and staff must wear conference badges at all times.
10. No one is permitted to leave Camp Roberts during the conference.
11. All participants shall share in the clean up of all conference facilities.

CODE OF CONDUCT

"We Build values-based Leadership and Civic Engagement in California's youth to strengthen our democracy."

BASIC PHILOSOPHY OF RESPONSIBLE CONDUCT

Essential to California YMCA Youth & Government (Y&G) is the concern of each participant for the rights of every individual. Being responsible for one's own behavior at all times is a necessary part of self-government. It is critical that all delegates, advisors, and staff act responsibly to ensure that their own conduct and attitude is beneficial not only to themselves, but also to ensure the continuation of Y&G's programs.

The Code of Conduct shall be observed by both youth and adults. There will be no double standard. By choosing to participate in the programs of Y&G, each individual agrees that they have read, understand, and will follow the Code of Conduct while attending any part of the program.

Each participant is accountable for preserving the reputation and high standard of his/her YMCA delegation and Y&G. All participants share equally the responsibility for their actions when violations of the Code are witnessed. Those who decide to be present when a violation occurs shall, by their own choice, be considered a participant in the violation. In Y&G, there are no "innocent bystanders".

I. GENERAL RULES

Infractions of General Rules A-G shall result in expulsion from Y&G functions and conferences. In order to ensure the safety of all participants Y&G reserves the right to conduct searches of baggage, rooms and persons to include the use of breathalyzers in accordance with its policies. In addition, local law enforcement agencies may be contacted and the delegate/advisor/staff member turned over to them as appropriate:

A. All public and private facilities placed at the disposal of Y&G to conduct its programs are to be given the greatest care and attention by everyone. It is a PRIVILEGE to use them; treat them with respect. Any act of vandalism, destruction of property, or misuse of a facility may be a crime and will be treated as such.

B. Possession and/or consumption of alcoholic beverages or illegal drugs are strictly prohibited.

C. Weapons of any kind and items that could cause injury or damage to participants and/or property are strictly forbidden.

D. Violations of State or Federal law will be treated as such and the authorities may be notified.

E. Activities which endanger the health and safety of the individual or others are prohibited.

F. Inappropriate or uninvited physical contact between any Y&G participants, staff member, or guests is not allowed. Intimate sexual behavior is inappropriate and not allowed.

G. Possession and/or the use of any tobacco products is not permitted.

Infractions of General Rules H-P may result in expulsion from Y&G functions and conferences:

H. Laws of the state, county, and city governments are to be observed.

I. Badges shall only be worn by the individual whose name is on that badge. **BADGE SWITCHING OR SHARING IS STRICTLY PROHIBITED.** Participants will wear their assigned badges at all times when not in their sleeping rooms, and badges are to be worn above the waist and must be visible. Badges are not to be defaced, decorated, or altered in any way. Only advisors may request replacement badges. There may be a charge for replacement badges.

J. Specific rules as set by the individual facilities (i.e., YMCA, State Capitol, Hotels, California National Guard facilities, etc.) are to be observed.

K. Participants must be present and punctual at all meetings where their involvement is required.

CODE OF CONDUCT

L. Participants shall observe all curfews and be in their assigned sleeping rooms at the established curfew times.

M. No delegate shall be in the barrack of the opposite sex at the Training & Elections Conferences. In Sacramento, no delegate shall be present in the hotel room with a member of the opposite sex at any time, unless an advisor is present in the room, or there are five or more delegates present in the room, two of which are the same sex (3-2 rule).

N. Y&G does not permit delegates to drive vehicles to or from any of its related conferences. Any delegation seeking an exception must clear it in advance with their local YMCA Executive Director or, in school based delegations, School Principal, and must provide proof in writing to Y&G prior to the event. DELEGATES MAY NOT DRIVE ANY VEHICLE WHILE AT A CONFERENCE. Advisors seeking to drive during a conference must obtain clearance from Y&G. IN ALL CASES, LIABILITY IS ASSUMED BY THE SPONSORING LOCAL YMCA OR SCHOOL.

O. All electronic devices (except those used by Y&G staff) must be turned off during all sessions, meetings, and hearings in all program areas. Advisors/staff may leave devices on, but inaudible, for emergency contact reasons. They must leave the session/area in order to answer a call.

P. Falsification of records threatens the integrity of the program and will be considered a serious breach of contract. The result will include a range of penalties up to dismissal from the program.

II. DRESS RULES FOR OFFICIALLY SCHEDULED SESSIONS

A. Sacramento Model Legislature & Model Court - All participants are to maintain a professional and business-like appearance by dressing in business and professional attire during the Model Legislature/Court business day (8 a.m. - 10:00 p.m.) and other such hours as designated by the program schedule. The CEO and his/her designee has the authority to determine both the appropriateness of appearance and attire of participants.

B. Other Conferences & Meetings – Participants must wear clean, tidy school attire. No open toed shoes are allowed outside of an individual's own barrack at Camp Roberts.

C. Refer to Dress Code Supplement for specific requirements for both the Model Legislature/Court and other conferences and meetings.

III. DISCIPLINARY ACTIONS

A. The Code of Conduct is binding on all delegates, advisors, and staff. Each participant will be accountable for his/her actions. In addition, each YMCA or school and its advisors shall be held accountable for the conduct of their delegation.

B. THE CEO HAS THE AUTHORITY TO INTERPRET THE CODE OF CONDUCT AND ADMINISTER ANY DISCIPLINARY ACTION DEEMED NECESSARY.

C. The CEO has the authority to delegate his/her disciplinary powers to any staff person deemed appropriate.

D. ALL EXPENSES AND ARRANGEMENTS RELATED TO ANY DISCIPLINARY ACTION ARE THE SOLE RESPONSIBILITY OF THE LOCAL YMCA OR SCHOOL, THE DELEGATION, AND THE ADVISOR, WHO SHALL BE REIMBURSED BY THE PARENT OR GUARDIAN. YMCAs MUST BE PREPARED TO ASSUME ANY AND ALL FINANCIAL OBLIGATIONS IMMEDIATELY.

IV. LOCAL YMCA RULES

A. Each local YMCA or school may outline more stringent rules of conduct in conformance with this Code of Conduct for its delegation. These additional rules and the Y&G Code of Conduct are binding. Violation of either could subject the offender to termination from the program. Delegation advisors shall be responsible for enforcing such additional rules of their local YMCA.

Amended May 2, 2009

ELECTION RULES

Program Area Secret Ballot Elections

1. Every youth delegate is entitled to one vote for each office. Each delegate must be wearing an official nametag in order to vote.
2. All voting will be done on ballot cards provided at the announced polling place or meeting.
3. The election proceedings will be supervised by the Program Staff and/or already Elected/Appointed Leadership during the hours as posted in the program schedule.
4. At the close of the polls or election proceedings, Model Legislature/Court staff members and/or the designated Youth Officers shall compile the ballots for tabulation, and at the conclusion of the tabulation, shall declare the tally official.
5. The candidate for each office receiving a plurality of votes shall be declared elected to office.
6. The candidates elected to office shall be announced, at the beginning of the closing session.
7. The primary vote for the Secretary of State as well as the run-off voting for Lt. Governor and Speaker shall be by a ballot taken at a delegation caucus. The official ballot must be turned in to the Secretary of State at their office (5007) by 10:00 pm Sunday.
It is the responsibility of the lead advisor and or his/her designee to turn in ballot. The Secretary of State has the right to not accept ballots turned in after 10:00pm.
8. The primary vote for the Youth Governor shall be done in Political Party Conventions.
9. In matters not covered by these rules, the Secretary of State's and/or the Election Chairperson's ruling shall prevail.

FINALISTS FOR LIEUTENANT GOVERNOR

ROY GONZALES

Your time is limited, so don't waste it living someone else's life. Don't be trapped by dogma - which is living with the results of other people's thinking. Don't let the noise of others' opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition.

HAYLEIGH SWARTZ

Odds are, you are here because you have been inspired to change something. I am eager to hear your ideas and do everything I can to make those ideas reality. It would be an honor to have the opportunity to preside over an efficiently run, and lively senate.

FINALISTS FOR SPEAKER OF THE ASSEMBLY

KENZY PEACH

Danielle LaPorte once said, "You will always be too much of something for someone: too big, too loud, too soft, too edgy. If you round out your edges, you lose your edge." Before I joined Y&G, everyone I knew was rounding out their edges. They conformed to what society told them they should be: apathetic, "typical" high school students. Yet I never desired this typical. I thought I was alone in wanting passion and change. Then, I found a place full of sharp, beautiful edges. A place where no one was afraid to stand out. In fact, it seemed that everyone shared a common goal of being heard as an individual. Each delegate carried this immense passion for every word they spoke- something unique and incredible; seemingly unexpected from our "typical" generation. As your next Speaker of the Assembly, I want this passion to fuel our legislature. I will guide you with as much excitement as possible (and for me, that's a whole lot). I will constantly involve everyone, and make sure that you do not just speak, but that you are heard. Delegates, I propose an Assembly with no rounded edges. Let's join together to create something not only unique and new, but more powerful than ever.

MIKAELA MOORE

As both a seasoned Y&G delegate and a seasoned debater, I have been through my fair share of sessions. In my experience as an Assemblywoman, a Legislative Committee chair, and a CONA delegate, I have had the unique opportunity to view sessions through both the eyes of the participant and the moderator. This has allowed me to learn first-hand what does and doesn't work in running a fun, efficient, and productive session. I would readily apply these skills in a chamber of my own, if given the chance. My ultimate goal is to do away with the stereotype that the Assembly is that boring program area where you never get to speak. Whether that be by giving pep talks to inspire more enthused debate, relentlessly encouraging new delegates to speak, or even taking steps to close the ever-present gap in Y&G in between candidates and delegates. Ultimately, my goal is to ensure that in my session, no voice will be left unheard. I hope to be gifted the honor of presiding over you, so that I may inspire change; both in myself and in others. If you have any questions about me or my campaign, come and talk to me!

CANDIDATES FOR 67th YOUTH GOVERNOR

COLETTE BROWN

Youth and Government, as a program, is the groundwork for building a strong youth and is infamous for constructing educated and prepared students who are ready and willing to succeed. This is the legacy that the previous Youth Governors have upheld and I know I am the next person capable of continuing this tradition. I hope to do this by creating a more supportive foundation for delegates on a statewide level, regardless of their delegation size. I hope to expand to areas of California with low representation, welcoming each youth in California to join our Y&G family. This program is not in need of complete renovation; I only aim to give attention to the areas that need improvement, and continue to secure those which are already great. Youth and Government: get down with brown and vote me for your 67th Youth Governor.

CONNOR BUNNELL

One of the most underappreciated qualities of Youth & Government is its massive scope. We are incredibly fortunate to have a political program that truly encompasses all of politics. No matter where you come from or what your passion is, Y&G has a program area that's perfect for you. You can debate legislation, argue court cases, plan a state budget, run a political campaign, draft a new state constitution...when you think about it, it's almost staggering. There's a reason that nearly every speech about Y&G mentions that we are the leaders of the future, and that is because Y&G gives us the tools and skills necessary to become leaders. In my past years as a delegate, I gained so much from my exposure to this wide variety of program areas, and I want to make sure that every single delegate gets just as much out of Y&G as I have. As your Youth Governor, I will ensure that delegates are properly informed of all of their options. Role exposure beyond the sessions we currently have at the two Bobs can easily accomplish this goal, and it can be done through the power of the Internet. I will expand online resources available to delegates to more fully explain the program areas and how they work. Not only that, but delegates themselves will take part in the creation of these resources, sharing their own thoughts on what makes each and every program area such an incredible experience. This will ensure that delegates are not only more aware of the choices available to them, but also better prepared to perform their roles at Sacramento. With your voice and your vote, we can take this program one step closer to perfection. Vote Connor Bunnell for 67th Youth Governor.

DANA DUPUIS

While I'd love to talk about how much this program has done for me or how much I truly love every single one of you, I can remember my days as a forum delegate, sitting in the stuffy gym, listening to almost every candidate give the same cookie-cutter speech for two hours at the Meet the Candidates session. That part, I have to admit, I did not love so much. Every delegate knows the compassion they can find in any other delegate, or the story about the freshman who was too shy to speak until he or she "came out of their shell," so it bears no repetition. I would like to inform you, however, of my other motivations for running. I am, first and foremost, a man of service. My entire life, I was raised by the principle that you should always leave everything better than you found it. That is my primary goal. Through hard work and determination, I want to leave this already beautiful program in an even more beautiful state on my departure. The teacher in me will not be satisfied until I have passed on to the next generation the very thing that made me the strong, independent candidate I am today. With your vote, I will lead you, and the many new delegates no doubt coming, to the greatness I know awaits you at the 67th Model Legislature and Court.

LENA GAVENAS

Healthier systems. Healthier people. Healthier planet. These are the goals that transcend any barrier between people. Washington has a habit of forgetting this end game as congress becomes ever more entangled in political she-nanigans at the price of our nation's well-being. For those of you who saw me speak at Spring Conference this past year, you may remember my reminder to those who address Youth and Government: that we are not a mock program, but a model one. We model togetherness. We model intellect. We model cooperation. If it is communication that begets progress, then, Youth and Government, we are here to start a movement. As your Youth Governor, I will strive to be the voice of this movement- your voice. I embodied that spirit as a Commission Chair, I embodied that spirit as your 2013 Spring Conference Lieutenant Governor, and I am prepared to embody that spirit today as I humbly ask for your vote.

JACK GROVES

Youth and Government is an excellent medium through which we, our nation's youth, can catch a glimpse of the methods actually applied by our representatives to enact change. This is a useful and necessary tool that we gratefully utilize, but we should not be satisfied with simple observation. Yes, this great program provides the proper ingredients to create change, but it's up to us to make our desires and priorities those of our representatives. Amplifying our voices is more difficult than just putting words on paper, though; it takes passion, dedication, organization, and effective leadership. As your Youth Governor I will employ all of these traits to ensure the real-world relevance of this Model Legislature and Court. Through the creation of a local elections directory on the California Youth and Government website, delegates will have access to information on upcoming elections in their districts. With this information, delegates can then go out and help elect the candidate that best represents their own views. I will also work through the political polling program to identify the most pressing issues our delegates are concerned with. With this information we can send a loud and clear message to our state legislature of what we want to be done. Why should we wait until voting age to leave our mark? Why postpone our involvement in the issues that most directly affect us? We cannot let these crucial years pass by while sitting down, because if we remain seated too long, we might never be able to get up. So let's make a mark, let's get involved, and let's stand up today. Vote Jack Groves for 67th Youth Governor.

KEVIN KIM

As I have studied to become the world's best Pokemon trainer and a doctor, I have developed a dangerous crush; I fell in love with Youth and Government. As cliché as it sounds, I developed a strong passion for Y&G, ever since I joined the program. I found a place where I belong. I realized just how similar Youth and Government is to a dysfunctional family. And I loved every single minute being apart of it. Like a dysfunctional family, we might have arguments and fights, but nevertheless, we create bonds that will last a lifetime. I am an outgoing, easy to talk to kind of a delegate. I am not someone who will look down upon you and judge you, and I am definitely not just a list of achievements. I am simply a delegate like you. My administration will move to make the future leaders campaign more accessible, will help out delegates who are not financially stable, will institute a bill hearing night for the officials who visits youth and government at Sacramento, and will make a website dedicated to gathering and sharing your ideas for the betterment of youth and government. As your youth governor, I will be a megaphone, amplifying your voice so that it can be heard through out the state. I am Kevin JB Kim and I am running to be your 67th youth governor.

CANDIDATES FOR 67th YOUTH GOVERNOR cont.

JESSICA GOROVITZ

Youth and Government is a program dedicated to educating students about the inner workings of the state legislature and court system. It has taught me when it's appropriate to stand up for what you believe in, but also when it's time to step back and let someone else have a chance to speak. I have learned that I can create change through the enactment of the bills I've sponsored. But I, like so many others, have been disappointed to see that in the end nothing gets done with our hard work. That's why I'm interested in helping delegations foster relationships with their district representatives in the actual state legislature so that when they have a bill that gets signed by the Youth Governor, there's someone who can lobby the actual Governor for the introduction of the legislation into the state legislature. Furthermore, I'd like to create a Youth Advisory Counsel to advise California Governor's on youth related issues, a program that exists in many other states. Through these new programs, I would hope to further expand the amount of change young people can bring in California. Youth and Government has shown me that if I want to make a difference, I have to take action myself. I'm a passionate person and I put 110% into everything I do (except math), but it's also important to me to approach issues holistically and to hear from everyone, especially those who disagree with me. Through debate and discussion ideas grow and evolve; a necessary process to make the most educated decisions and discoveries. As a committee chair last year, this was the kind of environment I tried to foster among my committee, and as Governor, I aim to enforce it throughout the program. This past summer I spent two weeks at Yale in the Young Global Scholars program studying Politics, Law, and Economics and one thing I discovered was how much you can benefit from being surrounded by smart people. I always try to surround myself with people who know more about things because I love to learn new things. What really makes Youth and Government a special program is that you're constantly encompassed by brilliant people with strong opinions who always have something interesting to say. Every time I talk to another delegate I end up walking away knowing something I didn't know before. Maybe it's something personal about them, but just as often, if not more often, it's a new fact or way of looking at a certain issue. Every time I walk away thinking, "Wow. I'm really glad I met that person." Like many people running for leadership positions, I want to give back to the program that has given me so much. Youth and Government has helped me grow as a person, and now I want to help it grow as a program. I understand that in reality the Youth Governor has very little power to change things especially within the program, my hope would be to inspire other delegates and the fantastic staff that we have here to continue working on my ideas after I'm gone. There are so many voices in this program, and if we all join together we can make a real difference, but only if there are people to listen. As it is there are a few people in the legislature who see and hear us, but usually they think it's cute how we go and sit at their desks and pretend to have power. But I think we can have power. We are Youth and Government and we are full of great ideas that, with some tweaking, could improve our lives in our not so distant future.

GRANT MCCOMB

My Name is Grant McComb and I am 6'8. Starting and running an environmental organization has definitely prepared me to run for and potentially be Youth Governor. My motto is "Dream no small dream for it will fail to move the hearts of men". This is my dream: Became the 67th Youth Governor. Thank you.

CANDIDATES FOR 67th YOUTH GOVERNOR cont.

ROSE MEINRATH

Throughout my experience in Youth and Government I have seen the incredible impact it has on people. It teaches high school students public speaking skills, the importance of democracy, and the value of true friendship. The motto of Youth and Government is democracy must be learned by each generation, but the purpose of learning democracy is to influence it. And this is where Youth and Government is lacking. The amount Youth and Government influences the actual California state government is very small, and as Youth Governor, this would be my main focus. I would like to institute a program in which Youth and Government students can lobby their own state Senators and Assembly Members in Sacramento about legislation they feel passionately about. This would be a direct way for the bright young minds of California to actually be able to influence democracy.

NATE MOHLER

It should be easy to explain the passion for Youth and Government. It should be easy to describe to the public the reasons for embracing such a lifestyle, such a community, such a family. All of us who have embarked on the journey of campaigning, bill writing, fundraising, and speaking, we know that Y&G is not just a group of teenagers. I see my friends lead movements of change, become the icon of rallies, and step up against the judging eyes of the public to speak for what's right. Who are we? We are the empowered generation of change and liberty, training and preparing to take matters into our own hands and be not leaders of tomorrow, but leaders of today. The sound, and energy, and action produced from our passion and determination is louder than any youth organization today. I strongly believe if every high schooler had the privilege of experiencing Y&G, not only would the voting age be lowered, but the opinion of government would be desirable again. We CAN give every high schooler the experience, and by flourishing and supporting each other, in and out of Y&G, no one will be able to challenge us. It APPALS me and makes me cringe to hear from bosses, peers, and even college's that Y&G doesn't hold as much weight as sports teams, Boy Scouts, or musical bands, for example. What must it take to show to the world what we do?! The money each and EVERY delegation raises for the community through community service and volunteer work. The hard work each and every candidate puts in, to sweat on stage in front of 3,000 of their peers. I believe, together, we can grow Youth and Government to the powerhouse and example of change, liberty, and bipartisanship it is meant to be. Vote for Nate Mohler for 67th Youth Governor.

JACK STONE

For the past 65 years, this program has made government much more accessible to the youth of this state. With our government gridlocked and getting very little done, Youth and Government is one place where true enthusiasm about government can be found. As your Youth Governor, my goal would be to better connect Y&G delegates with Senators, Assemblymen, and Mayors all over California through political internships, and campaign volunteering opportunities. Through all of us working side by side with politicians we believe in, we can reform the government of today to build the government of the future.

CANDIDATES FOR 67th YOUTH GOVERNOR cont.

EMILY VIDOVICH

Hello Youth and Government, my name is Emily Vidovich from the SPPY-WY delegation and I'm running to be your 67th Youth Governor. Y&G is a community in which we can measure our success not only by our personal achievements but by the accomplishments of our fellow delegates; we are a team. My goal as your Youth Governor is to unite TEAM Y&G through the four focuses of my platform: Togetherness, Equality, Accessibility, and Mobilization. I want to unite California by creating the Sister Delegation program, in which delegations from different areas and of different sizes will be paired up and have sessions at both BOB's where they get to know each other and form statewide bonds. In addition, one of my priorities is to work to fine tune the Y&G political party system in order to ensure that every candidate has a fair chance. Communication is one of the keys to a successful team dynamic, so I will always be available to you if you have questions or need advice on your speeches. Finally, as your Youth Governor I want to mobilize delegates with the skills they need to be confident in all of their endeavors. At BOB 1, I began implementing this part of my platform by leading public speaking workshops which I had collaborated with Y&G staff to create. Youth & Government has the potential to be a supportive, cohesive, and successful unit. Together, we can make Team Y&G stronger than it's ever been. Thank you.

ERIK LOPEZ

Everyone has to the right to be heard; I want people to heard, to have a say in how the program will be run, to able to input changes they feel will help improve the program. I want to make it possible for people to actually incorporate their ideas. I've noticed some majors issues in Y in G that revolve around public speaking; the majority of the people are afraid to get up on a stage and give a speech, myself included, often feel nervous before giving a speech. I see Y in G as my home away from home and would like others to feel the same; I want people to feel at home, wanted, and like they can make a change to make things better. After all, we are all in this together right? If we unite our voices and act as a team, we can change everything we can get a giant rock moving; all it takes is a little effort. We are the ones that know the problems in our communities, and through this program, we can all change it.

CANDIDATES FOR 67th SECRETARY OF STATE

JAKE HUNNEWELL

When it came to running for a statewide position, I knew I wanted to run category 1, yet which one wasn't yet decided. But when I learned that the position of Secretary of State entailed a great amount of technical work I was sure that it was what I was going to run for. The Youth Governor has a great amount of influence, but I feel as though I can achieve that same amount of influence on the delegates of California Youth & Government without the title of Youth Governor. Besides striving to become an figure in that way, and having a beneficial effect on the delegates here, I, as well, strive to improve the program functionally. First off, I want to improve the party system by providing a layer of legacy (long-lasting or permanent). Secondly, when it comes to questioning, I want to create questions which do not reveal a conservative or liberal opinion and more questions which revolve around the position at hand. Third, when organizing the bill docket, I would put controversial bills above bills which are more obviously going to pass or not. Lastly, I would create an online forum for all the bill submissions for that year, so delegates could prepare and ready themselves for the passionate and intense debate which occurs in this state's Youth & Government.

CANDIDATES FOR 67th SECRETARY OF STATE cont.

SEAN CAMPBELL

You all are so different. More different than anything I have ever experienced. Youth and Government is not separated by social status, race, wealth, religious views, or opinion. We challenge stereotypes and break barriers. We have a passion for fighting evil and spreading good, like Superman. However, we do have a kryptonite, and that kryptonite is the "youth" part. We as youth are limited to what change we can bring, which is something that we must change (ironic right?). We only have limited say in our government. However, I believe we are the ones with the most passion and drive. As Secretary of State, I will break the barrier. I will show the government your talent and passion. I will change their stereotypes and break the barrier between us and them. As Secretary of State, I can and will bring about change. Not only for you but for all. If you like what you hear, then vote Sean Campbell for 67th Secretary of State. Feel free to come up to me throughout the conference, and I will explain to you why I am the best choice for SOS. You can visit my campaign page at tinyurl.com/sean4sos. (Also thanks for reading this and being an informed voter!)

IVAN ENRIQUEZ

California, in a time where government shutdowns and whistle blowing have become the norm of our daily lives, it is time to step up and let our voice be heard. As we start the sixty-sixth year of Youth and Government, lets envision a California of tomorrow. One where all information for the Model Legislature and Court program is in one place. Press, Political Polling, Political Parties, anything. A portal to YOU. A way for YOU to connect to Candidates. Online, with ease. While you sit, probably reading my statement while I speak (Did I wave my hand?), think about this. Love meeting candidates on the way to your next session? During Lunch or in line for food or hand warmers? Can't wait to get a sticker or pen? Lets make the Meet-the-Candidates Session from just a joint session to an opportunity to interact. Why not set aside a time and place for it, where you can have a "coffee chat" with that guy up on stage? Trust me, I want to hear what you have to say! This may not be SimCity. Any action, recommendation or change takes time. However, do think of what we do in Youth and Government, the progress we have made, and what we do in our communities as a true sign of what is ahead of us. As delegates of a sixty-six year old program, lets empower ourselves to become the state of tomorrow. Ivan for Sixty-Seven.

NICK FRIEDLER

"Ohana means family. Family means no one gets behind, or forgotten."-Stitch YNG has always been my ohana. From being my home on Wednesday nights to supporting me through my back surgery and hard times, YNG has always been there for me. I have made friends and learned lessons that I'll remember for the rest of my life. Without YNG I would be lost in life. Sadly, not everyone experiences this feeling of ohana through YNG. My goals as Secretary of State would be to enhance the feeling of ohana in YNG through three steps. My first idea is to create a program called Ohana that would bring together delegates and put them in diverse groups. The goal of these groups will be to expand delegate's friend zones to a whole new level and make them feel more apart of a family. My second idea is to open sustaining campaigning to all delegates interested and to not limit the program like it is now. This will benefit the program creating more scholarships to give to delegates who need financial assistance. By doing this, we will give more people who can't afford the program the chance to experience the feeling of ohana that we all feel in YNG. My final idea is to enhance the opportunity to meet candidates. My plan is to create an optional night session that gives delegates a chance to ask questions to candidates individually. For all that YNG has done for me, my goal is to give back and create a better ohana for us to enjoy.

FRANKLIN HANSEN

Hello Y&G! My name is Franklin Hansen and I am running to be your 67 Secretary of State. As someone from a small delegation, I know how hard it is to be heard. Whether its trying to be heard in a session, or feeling overshadowed by a delegation five times the size of your's during an election. as Secretary, I want to pay it forward and help those small delegations. I want to personally help each person who needs it, to make their bills as great as they can be. I want to be the bridge between the Governors Office and You. So, Y&G, help me help you, and vote Hansen for your 67 Secretary of State.

DANIEL MELLOR

My name is Daniel Mellor and I am running to be your 67th Secretary of State to uphold my favorite of the 6 Pillars of Character: Fairness. Fairness is the key to a successful society and a successful Youth & Government. It is vital for the Secretary of State to strive for fairness in the electoral and legislative processes and, if elected, I will ensure that we get it. I run with an abundance of leadership experience in and out of Y&G, but more importantly with experience as an everyday delegate similar to those I wish to represent on a statewide level. The perspectives I have as an everyday delegate have not faltered with responsibility and will not if I am elected as your Secretary of State.

LEIA WASHINGTON

This is my third year in Youth and Government and each year I fall more in love with the program. These past few years have gone by incredibly fast, and I want to make the most of every day I have left. Running for an elected position is the perfect way to do so and he position of Secretary of State is a perfect position for me. I find the whole election process fascinating; our voting system proves that our program is entirely delegate run. If elected, I intend to preform the duties of this position to the best of my ability and uphold the integrity and good reputation of this amazing program. My passion for Y&G is endless and I can only hope that my fellow delegates can see this and choose to support me on this incredible journey.

TATUM WEST

"Everyone comes into your life with a reason. Some come to learn, while others come to teach." Since freshman year, I have been a part of Youth and Government, and since then, it has been in my life to teach me. In the beginning, I was taught the basics of leadership and politics. Moving forward, I learned how to facilitate these skills in my delegation, in school, and in real life situations. Whether it was by observing influential officers lead sessions or challenging myself to sponsor my delegation's bill, I learned to speak up and lead. Most importantly, I acquired the immense passion for Youth and Government that is shared throughout the entire program. The leaders of Youth & Government, as well as the program itself, taught me to go above and beyond and believe in myself. And now, as new delegates enter the program this year and the next, I hope to play a major role in the action of Youth and Government coming into their lives to teach them the fundamentals of leadership and passion. As 67th Secretary of State, I intend to make an impact in the program by reinforcing the true role of Secretary of State through mediation and remaining neutral in order to give everyone the equal chance that they deserve. In addition, I would like to work more closely with the Youth Governor to prioritize the docket more efficiently so that more urgent bills can be addressed sooner. Not only do I hope to influence the lives of delegates throughout the program, but that learn from their involvement as well.

CAMP ROBERTS EVACUATION PROCEDURES

EMERGENCY NOTIFICATION

Delegates, advisors & staff may be notified by general announcement (such as at a joint session), traveling staff announcements (deans and other staff moving through camp areas), or by on base notification system. Immediately upon hearing the announcement delegates, advisors and staff must move to the evacuation area. Delegates should not stop at their barracks during evacuation.

EVACUATION MEETING AREA

The Youth & Government evacuation area is the edge of the athletic field (shown below). Delegations should line up in alphabetical order, at the lettered cones. For example: If you are from the Torrance Delegation, you will go to the marker with a "T" on it. YMCAs need to have a sign identifying their delegation. Upon arriving in the evacuation area the lead advisor or their designee should call roll. Deans should be notified immediately if any delegate, advisor or staff member is missing.

Not To Scale

EVACUATION TRANSPORTATION

If evacuation from the base is necessary, YMCAs will be notified at the evacuation area. YMCAs with transportation on site should identify a person(s) to get their vehicle(s). This person(s) should know where the vehicle(s) is located in the parking areas on base and have access to the keys for the vehicle(s) at all times. Vehicles should be driven to the evacuation area slowly and safely, being mindful of the number of persons in the area. Vehicles should be loaded using rosters and when full should move off base to a safe location. YMCAs with no transportation on site will be 1) Provided with phone access to make arrangements for transportation, or 2) In the case of imminent emergency evacuation, transportation will be provided.

NON EMERGENCY EVACUATION

If evacuation from the base is necessary but not an imminent emergency, delegates, advisors and staff may be allowed some time to return to their barracks to pack and remove their personal belongings. All persons should report to the evacuation area BEFORE being allowed to return to their barracks for announcements and directions.

ITEMS NEEDED BY ALL ADVISORS:

1. Medical Release Forms and Health History Forms for all participants and advisors.
2. Accident Report Forms for your YMCA. The Y&G Office has Y&G Forms that may be used if your Y does not use these.
3. A simple first aid kit for use with small cuts, etc.
