

# **California YMCA Youth & Government**

## **The Spirit of Y&G**

California YMCA Youth & Government (Y&G) is more than just an organization, a conference, or a program. There is an underlining spirit that holds all of it together and helps to make Y&G special. This spirit engenders the values of fair play, cooperation, integrity and respect. It should be in the forefront of every delegate, advisor, volunteer and YMCA staff member's mind that we are all in this program under the united desire to learn, have a great time, and to become better people.
